The Honorable Kay Granger  
Ranking Member  
House Committee on Appropriations  
H-307 The Capitol  
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Hyperion Water Reclamation Plant Modernization for Spill Prevention and Containment in fiscal year 2023.

The entity to receive funding for this project is the City of Los Angeles, CA located at 12000 Vista Del Mar, Playa Del Rey, CA 90293.

This funding would help modernize the Hyperion Water Reclamation Plant, which requires improvements for spill prevention and containment that were not considered when the plant was rebuilt in 1998. The project would connect headworks equipment to the existing Distributed Control System of Hyperion's treatment processes, which would allow for more efficient and faster monitoring and control. The project would also convert three bypass channels for the passive overflow of raw sewage which would greatly reduce the chance of any potential sewage spills so that our beaches and communities stay clean and healthy.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

**Ted W. Lieu**  
Member of Congress
